SNUFFS

MATURE CRUMBLLED

The recipe for this 'SP' type snuff dates back over two centuries, made from Kentucky tobacco and aged for several years in wooden barrels.
A snuff of exceptional quality

PARTICULAR

Based on an 18th century favourite this snuff now incorporates Malawi and South American tobaccos but is otherwise unchanged.
A pleasing medium to dry lightly flavoured snuff

KEEN SCENTED

A 'medicated' snuff made from a fine blend of African and Indian leaf, flavoured with Chinese menthol crystals and Australian Eucalyptus oil.

JOCKS CHOICE

Originally blended to the exclusive recipe of a discerning Scotsman this unusual snuff flavoured with Neroli is steadily growing in popularity.
An acquired taste, but one worth acquiring.

Robert Good
